I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I  
OBJECT to the definition of "inordinate amount" which restricts the availability and  
the right to obtain necessary compounded medications by limiting the number of  
prescriptions that can be shipped across state lines from specialized  
compounding pharmacies.

Comments: Restricting availability to necessary  
compounded medications will cause hardships for  
those who require them, and is a step backward  
in health care. The compounded medications I use have  
really enhanced & advanced my quality of life.
